AUTUMN BREEZE

Soothing and Beautiful

- **6" resin verticals.**
The wide verticals give this graceful pool a strong frame that features all of the beauty and benefits of resin materials.
- **Flared 6 1/2" resin top rails.**
Sleek 6 1/2" resin top rails are the perfect touch for the relaxing design of the Autumn Breeze wall.
- **Available in 52" side wall.**
- **35 year warranty against manufacturing defects.**

Pool Frames

No one else comes close. Doughboy pool frames are designed to last. Our frame steel leads the industry in terms of protective layers, coatings and treatments to provide unmatched protection against corrosion and abrasion.

- **Com-Pac™ II Oval Support System.**
Superior engineering to maximize your pool. No other manufacturer can provide you with the space-saving features of the Com-Pac™ II.
- **Zinc Clad™ 11000 with hot-dipped galvanizing.** Plus numerous protective coatings for protection and corrosion resistance.
- **Vertical End Caps.** Doughboy vertical end caps are made from 18 gauge galvanized steel – 50% heavier than most brands. This provides added stability at the base and the top of the pool.

- **Exact, pre-punched holes** assure structural integrity and allow for a more precise installation. Other brands use slotted holes which cost less to produce but weaken the stability of their pools. Test and compare us to other brands by vigorously shaking the top rail. You can feel the stability.
- **Bottom Rails - Premium-gauge steel** used for the bottom rails is made with a 7-step process to ensure a long, trouble free life. They are backed with a 100% lifetime warranty.

Liner Exclusives

The only above-ground pool manufacturer that produces virgin-vinyl liner material made to original Doughboy specifications. Liners are available in a variety of decorative patterns.

- **Exclusive "True" Expandable Liners** increase pool depth up to 7 feet with an optional Special-Purpose Deep Swimming Area for underwater swimming only.
- **Exclusive Therma-Seal™ Technology.**
This proprietary fusion method provides superior sealing for maximum durability and quality. Unmatched in the industry. We are so confident with this process that we cover the seams of our liners 100% for a lifetime.
