A DIVISION OF H.I.I.

# Summerville

48"/52" STEEL

A stylish wall pattern with a rugged silvertone frame makes a sturdy pool that's fun and fits in any backyard.

# SUMMERVILLE

## Affordable and Attractive

- **Easy-to-assemble.** The 6" Uni-fit™ steel top rails and 3" steel verticals eliminate the need for separate side and end rails – making assembly even easier.
- **Available in 48" and 52" sidewalls.**
- **Durable and strong.**  
Doughboy uses more top rails and vertical legs to create a more stable pool. Our heavy gauge steel bottom rails are stronger than competitive stainless steel and plastic rails.
- **25 Year Limited Warranty against manufacturing defects.**

- **Exact, pre-punched holes** assure structural integrity and allow for a more precise installation. Other brands use slotted holes which cost less to produce but weaken the stability of their pools. Test and compare us to other brands by vigorously shaking the top rail. You can feel the stability.
- **Bottom Rails - Premium-gauge steel** used for the bottom rails is made with a 7-step process to ensure a long, trouble free life. They are backed with a 100% lifetime warranty.

## Pool Frames

No one else comes close. Doughboy pool frames are designed to last. Our frame steel leads the industry in terms of protective layers, coatings and treatments to provide unmatched protection against corrosion and abrasion.

- **Com-Pac™ II Oval Support System.** Superior engineering to maximize your pool. No other manufacturer can provide you with the space-saving features of the Com-Pac™ II.
- **Zinc Clad™ 11000 with hot-dipped galvanizing.** Plus numerous protective coatings for protection and corrosion resistance.
- **Vertical End Caps.** Doughboy vertical end caps are made from 18 gauge galvanized steel – 50% heavier than most brands. This provides added stability at the base and the top of the pool.

## Liner Exclusives

The only above-ground pool manufacturer that produces virgin-vinyl liner material made to original Doughboy specifications. Liners are available in a variety of decorative patterns.

- **Exclusive "True" Expandable Liners** increase pool depth up to 7 feet with an optional Special-Purpose Deep Swimming Area for underwater swimming only.
- **Exclusive Therma-Seal™ Technology.** This proprietary fusion method provides superior sealing for maximum durability and quality. Unmatched in the industry. We are so confident with this process that we cover the seams of our liners 100% for a lifetime.

## A Size For Any Backyard

An excellent assortment of pool sizes to perfectly match your backyard.

### Round

8' • 12' • 16'  
18' • 21' • 24'  
28'
